Newborns’ and Mothers’ Notice 27

Important Notices

We recommend that you review the attached notices to determine if any of them apply to you.

Medicare Part D

- If you (and/or your dependents) have Medicare or will become eligible for Medicare in the next 12 months, a Federal law gives you more choices about your prescription drug coverage. Please see page 2 for more details.

Women's Health & Cancer Rights Act (WHCRA)

- Notification that your health plan offers coverage for mastectomies and provides certain additional mastectomy-related benefits.

Health Insurance Marketplace Coverage Notice

- Provides information regarding health coverage that is available on the Health Insurance Marketplace.

HIPAA Notice of Special Enrollment

- Outlines certain circumstances under which you and your dependents may make mid-year changes to your health plan elections.

HIPAA Notice of Privacy Practices

- Describes how the Plan protects your health information, and your rights under the HIPAA privacy and security rules.

Children's Health Insurance Program Reauthorization Act of 2009 (CHIPRA)

- This Notice describes potential opportunities for premium assistance (based on the state in which you reside).

Patient Protection Disclosure

- Explains your right to choose a primary care provider or a pediatrician; or to obtain obstetrical or gynecological care without prior authorization.

Newborns' and Mothers' Notice

- Describes protections for mothers and their newborn child(ren) with regard to the length of hospital stays following childbirth.

Medicare Part D Notice of Creditable Prescription Drug Coverage

Important Notice from NVIDIA Corporation About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage through the NVIDIA Welfare Plan and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. NVIDIA Corporation has determined that the prescription drug coverage offered to you through Cigna / CVS, Kaiser and Blue Cross Blue Shield of Alabama plans are, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current NVIDIA Welfare Plan coverage will be affected.

If you do decide to join a Medicare drug plan and drop your current NVIDIA Welfare Plan coverage, be aware that you and your dependents will not be able to get this coverage back.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage through the NVIDIA Welfare Plan and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

For More Information About This Notice Or Your Current Prescription Drug Coverage

Contact the NVIDIA Benefits Help Line at 1-844-807-7600 or email NVIDIA-Benefits@nvidia.com for more information.

NOTE: You'll get this notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this coverage through the NVIDIA Welfare Plan changes. You also may request a copy of this notice at any time.

For More Information About Your Options Under Medicare Prescription Drug Coverage

More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You'll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

For more information about Medicare prescription drug coverage:

- Visit www.medicare.gov
- Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the "Medicare & You" handbook for their telephone number) for personalized help
- Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.

If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security on the web at www.socialsecurity.gov, or call them at 1-800-772-1213 (TTY 1-800-325-0778).

Remember: Keep this Creditable Coverage notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).

Date: October 1, 2019
Name of Entity/Sender: NVIDIA Corporation

Women's Health and Cancer Rights Act (WHCRA)

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient, for:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance;
- Prostheses; and
- Treatment of physical complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under the NVIDIA Welfare Plan. Please review the NVIDIA Welfare Plan provisions for specific deductibles and coinsurance information.

If you would like more information on WHCRA benefits, contact the NVIDIA Benefits Help Line at 1-844-807-7600 or email NVIDIA-Benefits@nvidia.com.

Health Insurance Marketplace Coverage Notice

PART A: General Information

When key parts of the health care law took effect in 2014, there was a new way to buy health insurance: the Health Insurance Marketplace. To assist you as you evaluate options for you and your family, this notice provides some basic information about the Marketplace and employment-based health coverage offered by your employer.

What is the Health Insurance Marketplace?

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers "one-stop shopping" to find and compare private health insurance options. You may also be eligible for a tax credit that lowers your monthly premium right away. Open enrollment for health insurance coverage through the Marketplace begins in November each year for coverage starting as early as the immediately following January 1.

Can I Save Money on my Health Insurance Premiums in the Marketplace?

You may qualify to save money and lower your monthly premium, but only if your employer does not offer coverage, or offers coverage that doesn't meet certain standards. The savings on your premium that you're eligible for depends on your household income.

Does Employer Health Coverage Affect Eligibility for Premium Savings through the Marketplace?

Yes. If you have an offer of health coverage from your employer that meets certain standards, you will not be eligible for a tax credit through the Marketplace and may wish to enroll in your employer's health plan. However, you may be eligible for a tax credit that lowers your monthly premium, or a reduction in certain cost-sharing if your employer does not offer coverage to you at all or does not offer coverage that meets certain standards. If the cost of a plan from your employer that would cover you (and not any other members of your family) is more than 9.5%¹ of your household income for the year, or if the coverage your employer provides does not meet the "minimum value" standard set by the Affordable Care Act, you may be eligible for a tax credit.²

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered by your employer, then you may lose the employer contribution (if any) to the employer-offered coverage. Also, this employer contribution –as well as your employee contribution to employer-offered coverage– is often excluded from income for Federal and State income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis.

¹ As that percentage is adjusted by inflation from time to time.

² An employer-sponsored health plan meets the "minimum value standard" if the plan's share of the total allowed benefit costs covered by the plan is no less than 60 percent of such costs.

How Can I Get More Information?

For more information about your coverage offered by your employer, please check your summary plan description or contact the NVIDIA Benefits Help Line at 1-844-807-7600 or email NVIDIA-Benefits@nvidia.com.

The Marketplace can help you evaluate your coverage options, including your eligibility for coverage through the Marketplace and its cost. Please visit HealthCare.gov for more information, including an online application for health insurance coverage and contact information for a Health Insurance Marketplace in your area.

PART B: Information About Health Coverage Offered by Your Employer

This section contains information about any health coverage offered by your employer. If you decide to complete an application for coverage in the Marketplace, you will be asked to provide this information. This information is numbered to correspond to the Marketplace application.

3. Employer Name	4. Employer Identification Number (EIN)
NVIDIA Corporation	94-3177549

5. Employer Address:	6. Employer phone number
2788 San Tomas Expressway	408-486-2000

7. City:	8. State
Santa Clara	CA 95051

10. Who can we contact about employee health coverage at this job?

Denise Rosa

11. Phone number (if different from above)	12. Email address
408-562-7885	drosa@nvidia.com

Here is some basic information about health coverage offered by this employer:

- As your employer, we offer a health plan to:
 - All employees.
 - Some employees. Eligible employees are: working at least 20 hours a week
- With respect to dependents:
 - We do offer coverage. Eligible dependents are: dependent children to age 26
 - We do not offer coverage.
 - If checked, this coverage meets the minimum value standard, and the cost of this coverage to you is intended to be affordable, based on employee wages.

** Even if your employer intends your coverage to be affordable, you may still be eligible for a premium discount through the Marketplace. The Marketplace will use your household income, along with other factors, to determine whether you may be eligible for a premium discount. If, for example, your wages vary from week to week (perhaps you are an hourly employee or you work on a commission basis), if you are newly employed mid-year, or if you have other income losses, you may still qualify for a premium discount.

HIPAA Notice of Special Enrollment

If you are declining enrollment for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to enroll yourself or your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing towards your or your dependents' other coverage). However, you must request enrollment within 31 days after your or your dependents' other coverage ends (or after the employer stops contributing toward the other coverage).

In addition, if you have a new dependent as result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment within 31 days after the marriage, birth, adoption, or placement for adoption.

Special enrollment rights also may exist in the following circumstances:

- If you or your dependents experience a loss of eligibility for Medicaid or a state Children's Health Insurance Program (CHIP) coverage and you request enrollment within 60 days after that coverage ends; or
- If you or your dependents become eligible for a state premium assistance subsidy through Medicaid or a state CHIP with respect to coverage under this plan and you request enrollment within 60 days after the determination of eligibility for such assistance.

To request special enrollment or obtain more information, please contact the NVIDIA Benefits Help Line at 1-844-807-7600 or email NVIDIA-Benefits@nvidia.com.

Memo Regarding HIPAA Privacy Notice

NVIDIA Corporation

Notice of Privacy Practices

For The Use and Disclosure of Protected Health Information (PHI)

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

The effective date of this Notice of the **NVIDIA Corporation** Health Information Privacy Practices (the “Notice”) is October 1, 2019

The **NVIDIA Welfare Plan** (the “Plan”) provides health benefits to eligible employees of **NVIDIA Corporation** (the “Company”) and their eligible dependents as described in the applicable summary plan description(s) for the Plan. The Plan creates, receives, uses, maintains and discloses health information about participating employees and dependents in the course of providing these health benefits.

For ease of reference, in the remainder of this Notice, the words “you,” “your,” and “yours” refers to any individual with respect to whom the Plan receives, creates or maintains Protected Health Information, including employees, and COBRA qualified beneficiaries, if any, and their respective dependents.

The Plan is required by law to take reasonable steps to protect your Protected Health Information from inappropriate use or disclosure.

Your “Protected Health Information” (or “PHI”) is information that is maintained or transmitted by a covered entity (e.g., a health care provider or health plan) about your past, present, or future physical or mental health condition, the provision of health care to you, or the past, present, or future payment for health care provided to you, but only if the information identifies you or there is a reasonable basis to believe that the information could be used to identify you. Protected health information includes information of a person living or deceased (for a period of fifty years after the death). Genetic information (defined under the Genetic Information Nondiscrimination Act) is PHI.

PHI does not include employment records held by the Company in its role as an employer.

The Plan is required by law to provide notice to you of the Plan’s duties and privacy practices with respect to your PHI, and is doing so through this Notice. This Notice describes the different ways in which the Plan uses and discloses PHI. It is not feasible in this Notice to describe in detail all of the

specific uses and disclosures the Plan may make of PHI, so this Notice describes all of the categories of uses and disclosures of PHI that the Plan may make and, for most of those categories, gives examples of those uses and disclosures.

The Plan is required to abide by the terms of this Notice until it is replaced. The Plan may change its privacy practices at any time and, if any such change requires a change to the terms of this Notice, the Plan will revise and re-distribute this Notice according to the Plan's distribution process. Accordingly, the Plan can change the terms of this Notice at any time. The Plan has the right to make any such change effective for all of your PHI that the Plan creates, receives or maintains, even if the Plan received or created that PHI before the effective date of the change.

The Plan is distributing this Notice, and will distribute any revisions, only to participating employees and COBRA qualified beneficiaries, if any. If you have coverage under the Plan as a dependent of an employee, or COBRA qualified beneficiary, you can get a copy of the Notice by requesting it from the contact named at the end of this Notice.

Please note that this Notice applies only to your PHI that the Plan maintains. It does not affect your doctor's or other health care provider's privacy practices with respect to your PHI that they maintain.

Receipt of Your PHI by the Company and Business Associates

The Plan may disclose your PHI to, and allow use and disclosure of your PHI by, the Company and Business Associates without obtaining your authorization.

Plan Sponsor: The Company is the Plan Sponsor and Plan Administrator. The Plan may disclose to certain employees of the Company, in summary form, claims history and other information so that the Company may solicit premium bids for health benefits, or to modify, amend or terminate the Plan. This summary information omits your name and Social Security Number and certain other identifying information. The Plan may also disclose information about your participation and enrollment status in the Plan to certain employees of the Company and receive similar information from the Company. If the Company agrees in writing that it will protect the information against inappropriate use or disclosure, the Plan also may disclose to certain employees the Company a limited data set that includes your PHI, but omits certain direct identifiers, as described later in this Notice.

The Plan may disclose your PHI to the Company for plan administration functions performed by the Company on behalf of the Plan, if the Company certifies to the Plan that it will protect your PHI against inappropriate use and disclosure. Your PHI cannot be used for employment purposes without your specific authorization.

Example: The Company reviews and decides appeals of claim denials under the Plan. The Claims Administrator provides PHI regarding an appealed claim to the Company for that review, and the Company uses PHI to make the decision on appeal.

Business Associates: The Plan and the Company hire third parties, such as a third party administrator (the "Claims Administrator"), to help administer the Plan and provide certain services to the Plan. These third parties are known as the Plan's "Business Associates." The Plan may disclose your PHI to Business Associates, like the Claims Administrator, who are

hired by the Plan or the Company to assist or carry out the terms of the Plan. In addition, these Business Associates may receive PHI from third parties or create PHI about you in the course of carrying out the terms of the Plan. The Plan and the Company must require all Business Associates to agree in writing that they will protect your PHI against inappropriate use or disclosure, and will require their subcontractors and agents to do so, too.

For purposes of this Notice, all actions of the Company and the Business Associates that are taken on behalf of the Plan are considered actions of the Plan. For example, health information maintained in the files of the Claims Administrator is considered maintained by the Plan. So, when this Notice refers to the Plan taking various actions with respect to health information, those actions may be taken by the Company or a Business Associate on behalf of the Plan.

How the Plan May Use or Disclose Your PHI

The Plan may use and disclose your PHI for the following purposes without obtaining your authorization, but always only to the degree minimally necessary to provide you with services you may request.

Your Health Care Treatment: The Plan may disclose your PHI for treatment (as defined in applicable federal rules) activities of a health care provider.

Example: If your doctor requested information from the Plan about previous claims under the Plan to assist in treating you, the Plan could disclose your PHI for that purpose.

Example: The Plan might disclose information about your prior prescriptions to a pharmacist for the pharmacist's reference in determining whether a new prescription may be harmful to you.

Making or Obtaining Payment for Health Care or Coverage: The Plan may use or disclose your PHI for payment activities (as defined in applicable federal rules), including making payment to or collecting payment from third parties, such as health care providers and other health plans.

Example: The Plan will receive bills from physicians for medical care provided to you that will contain your PHI. The Plan will use this PHI, and create PHI about you, in the course of determining whether to pay, and paying, benefits with respect to such a bill.

Example: The Plan may consider and discuss your medical history with a health care provider to determine whether a particular treatment for which Plan benefits are or will be claimed is medically necessary as defined in the Plan.

The Plan's use or disclosure of your PHI for payment purposes may include uses and disclosures for the following purposes, among others.

- Obtaining payments required for coverage under the Plan
- Determining or fulfilling its responsibility to provide coverage and/or benefits under the Plan, including eligibility determinations and claims adjudication
- Obtaining or providing reimbursement for the provision of health care

(including coordination of benefits, subrogation, and determination of cost sharing amounts)

- Billing, claims management, collection activities, obtaining payment under a stop-loss insurance policy, and related health care data processing
- Reviewing health care services to determine medical necessity, coverage under the Plan, appropriateness of care, or justification of charges
- Utilization review activities, including precertification and preauthorization of services, concurrent and retrospective review of services
- Limited disclosures to consumer reporting agencies

The Plan also may disclose your PHI for purposes of assisting another covered entity with their payment activities related to the Plan, including activities like those listed above with respect to the Plan.

Health Care Operations: The Plan may use and disclose your PHI for health care operations (as defined in applicable federal rules) which includes a variety of administrative, financial, legal and quality improvement activities.

Example: If claims you submit to the Plan indicate that you have diabetes or another chronic condition, the Plan may use and disclose your PHI to refer you to a disease management program.

Example: If claims you submit to the Plan indicate that the stop-loss coverage that the Company has purchased in connection with the Plan may be triggered, the Plan may use or disclose your PHI to inform the stop-loss carrier of the potential claim and to make any claim that ultimately applies.

The Plan's use and disclosure of your PHI for health care operations purposes may include uses and disclosures for the following purposes.

- Quality assessment and improvement activities
- Disease management
- Activities designed to improve health or reduce health care costs, case management and coordination of care
- Contacting health care providers and patients with information about treatment alternatives
- Accreditation, certification, licensing or credentialing activities
- Fraud and abuse detection and compliance programs

The Plan also may use or disclose your PHI for purposes of assisting other covered entities with their health care operations activities that are like those listed above, but only to the extent that both the Plan and the recipient of the disclosed information have a relationship with you and the PHI pertains to that relationship.

The Plan's use and disclosure of your PHI for health care operations purposes may include uses and disclosures for the following additional purposes, among others.

- Underwriting (with the exception of PHI that is genetic information) premium rating and performing related functions to create, renew or replace insurance related to the Plan
- Planning and development, such as cost-management analyses
- Conducting or arranging for medical review, legal services, and auditing functions
- Business management and general administrative activities, including implementation of, and compliance with, applicable laws, and creating de-identified health information or a limited data set

The Plan also may use or disclose your PHI for purposes of assisting other health plans for which the Company is the plan sponsor, and any insurers and/or HMOs with respect to those plans, with their health care operations activities similar to those categories listed above. In accordance with the Genetic Information Nondiscrimination Act, the Plan will not use or disclose genetic information for underwriting purposes.

In general, the Plan is required to obtain your specific written authorization to use or disclose your PHI for purposes unrelated to treatment, payment, or health care operations. However, there are exceptions to this general rule under which the Plan is permitted or required to make certain uses and disclosures of your PHI without authorization, including the following:

- **Legally Required:** The Plan will use or disclose your PHI to the extent required to do so by applicable law. This may include disclosing your PHI in compliance with a court order, or a subpoena or summons.
- **Health Oversight Activities:** The Plan may disclose your PHI to the extent required to do so for health oversight activities, such as audits, investigations, inspections, licensing or other oversight activities. In addition, the Plan must allow the U.S. Department of Health and Human Services to audit Plan records.
- **Health or Safety:** When consistent with applicable law and standards of ethical conduct, the Plan may disclose your PHI if the Plan, in good faith, believes that such disclosure is necessary to avert a serious threat to health or safety.
- **Law Enforcement:** The Plan may disclose your PHI for law enforcement purposes, including but not limited to, responding to warrants or legal process, to identify or locate suspects or to provide information about the victim of a crime as well as to a law enforcement official if the Plan believes in good faith that your PHI constitutes evidence of criminal conduct that occurred on the premises of the Plan.
- **Lawsuits and Disputes:** In addition to disclosures required by law in response to court orders, the Plan may disclose your PHI in response to a subpoena, discovery request or other lawful process, but only if the Plan receives satisfactory assurance (as defined by applicable law) from the party seeking the PHI that certain efforts have been made to notify you of the subpoena, discovery request or other lawful process or to obtain an order protecting the information to be disclosed.
- **Workers' Compensation:** The Plan may use and disclose your PHI when authorized by and to the extent necessary to comply with laws related to

workers' compensation or other similar programs.

- **Emergency Situation:** The Plan may disclose your PHI to a family member, friend, or other person, for the purpose of helping you with your health care or payment for your health care, if you are in an emergency medical situation and you cannot give your agreement to the Plan to do this.
- **Personal Representatives:** The Plan will disclose your PHI to your personal representatives appointed by you or designated by applicable law (a parent acting for a minor child, or a guardian appointed for an incapacitated adult, for example) to the same extent that the Plan would disclose that information to you. The Plan may choose not to disclose information to a personal representative if it has reasonable belief that: 1) you have been or may be a victim of domestic abuse by your personal representative; or 2) recognizing such person as your personal representative may result in harm to you; or 3) it is not in your best interest to treat such person as your personal representative.
- **Disclosures to You:** When you make a request for your PHI, the Plan is required to disclose to you your medical records, billing records, and any other records used to make decisions regarding your health care benefits. The Plan must also, when requested by you, provide you with an accounting of disclosures of your PHI if such disclosures were for any reason other than treatment, payment, or health care operations (and if you did not authorize the disclosure).
- **Public Health:** To the extent that other applicable law does not prohibit such disclosures, the Plan may disclose your PHI for purposes of certain public health activities, including, for example, reporting information related to an FDA-regulated product's quality, safety or effectiveness to a person subject to FDA jurisdiction.
- **Health Oversight Activities:** The Plan may disclose your PHI to a public health oversight agency for authorized activities, including audits, civil, administrative or criminal investigations; inspections; licensure or disciplinary actions.
- **Coroner, Medical Examiner, or Funeral Director:** The Plan may disclose your PHI to a coroner or medical examiner for the purposes of identifying a deceased person, determining a cause of death or other duties as authorized by law. Also, the Plan may disclose your PHI to a funeral director, consistent with applicable law, as necessary to carry out the funeral director's duties.
- **Organ and Tissue Donation.** The Plan may use or disclose your PHI to assist entities engaged in the procurement, banking, or transplantation of cadaver organs, eyes, or tissue, as necessary to facilitate the organ or tissue donation and transplantation.
- **Specified Government Functions:** In specified circumstances, federal regulations may require the Plan to use or disclose your PHI to facilitate specified government functions related to the military and veterans, national security and intelligence activities, protective services for the president and others, and correctional institutions. For example, under certain circumstances, the Plan may disclose PHI

concerning individuals who are inmates of a correctional institution.

- **Research:** The Plan may disclose your PHI to researchers when your individual identifiers have been removed or when an institutional review board or privacy board has reviewed the research proposal and established a process to ensure the privacy of the requested information and approves the research.
- **Limited Data Set:** The Plan may disclose a limited data set (as defined by applicable law) to a recipient who agrees in writing that the recipient will protect the limited data set against inappropriate use or disclosure and will only use or disclose the PHI for limited purposes. A limited data set is health information about you and/or others that omits your name, contact information and Social Security Number and certain other identifying information.

Authorization to Use or Disclose Your PHI

Except as stated above, the Plan will not use or disclose your PHI unless it first receives written authorization from you. If you authorize the Plan to use or disclose your PHI, you may revoke that authorization in writing at any time, by sending notice of your revocation to the contact person named at the end of this Notice. Once the Plan receives your written revocation, it will only be effective for future uses and disclosures and will not be effective for any information that may have been used or disclosed in reliance upon the written authorization prior to receiving your written revocation.

Furthermore, in general and subject to specific conditions, we will not: (1) use or disclose PHI for marketing; (2) sell your PHI; or (3) use or disclose psychotherapy notes about you.

Additionally, if a state or other law requires proof of immunization records to a school, written authorization is no longer required. However, a covered entity still must obtain and document an agreement which may be oral and over the phone.

The Plan May Contact You

The Plan may contact you for various reasons, usually in connection with claims and payments and usually by mail.

You should note that the Plan may contact you about treatment alternatives or other health-related benefits and services that may be of interest to you.

Your Rights With Respect to Your PHI

As an individual, you have certain rights regarding your access to, and the accuracy of, your Protected Health Information (as defined below). These rights include:

Confidential Communication by Alternative Means: . You have the right to request to receive information from the Plan by an alternative means or at an alternative location if you believe it would enhance your privacy. For example, you might request the Plan to communicate with you only at a particular address. If you request alternative means of communication because disclosure

of the Protected Health Information could endanger your safety, we will accommodate your request if it is reasonable. If you wish to request confidential communications, you must make your request in writing to the contact person named at the end of this Notice. You do not need to state the specific reason that you feel disclosure of your PHI might endanger you in making the request, but you do need to state whether that is the case. Your request also must specify how or where you wish to be contacted. The Plan will notify you if it agrees to your request for confidential communication. You should not assume that the Plan has accepted your request until the Plan confirms its agreement to that request in writing.

Request Restriction on Certain Uses and Disclosures: You have the right to request the Plan to restrict the uses and disclosures it makes of your PHI. This request may restrict or limit the PHI that is disclosed for treatment, payment, or health care operations, and this restriction may limit the information that the Plan discloses to someone who is involved in your care or the payment for your care. The Plan is not required to agree to a requested restriction, but if it does agree to your requested restriction, the Plan is bound by that agreement, unless the information is needed in an emergency situation. In addition, the Plan may elect to terminate the restriction at any time if the Plan was not required to agree to it. There are some restrictions, however, that are not permitted even with the Plan's agreement. To request a restriction, please submit your written request to the contact person identified at the end of this Notice. In the request please specify: (1) what information you want to restrict; (2) whether you want to limit the Plan's use of that information, its disclosure of that information, or both; and (3) to whom you want the limits to apply (a particular physician, for example). The Plan will notify you if it agrees to a requested restriction on how your PHI is used or disclosed. You should not assume that the Plan has accepted a requested restriction until the Plan confirms its agreement to that restriction in writing. Notwithstanding this policy, the Plan will comply with any restriction request if (1) except as otherwise required by law, the disclosure is to the health plan for purposes of carrying out payment or health care operations (and it is not for purposes of carrying out treatment); and (2) the PHI pertains solely to a health care item or service for which the health care provider has been paid out-of-pocket in full.

Right to Be Notified of a Breach: You have the right to be notified in the event that the Plan (or a Business Associate) discovers a breach of unsecured PHI.

Electronic Health Records: If the Plan maintains electronic PHI in a designated record set, you have the right to request a copy of such information. The Plan will provide you with a copy of your electronic protected health information in the electronic form and format that you request if it is readily producible, or if not, in a readable electronic format that is agreed upon by you and the Plan. The Plan may charge a reasonable fee for responding to such a request for electronic protected health information in a designated record set.

Paper Copy of This Notice: You have a right to request and receive a paper copy of this Notice at any time, even if you received this Notice previously, or have agreed to receive this Notice electronically. To obtain a paper copy please call or write the contact person named at the end of this Notice.

Right to Access Your PHI: You have a right to inspect and copy your PHI in the Plan's records. Your request for access to your PHI should be made in writing to the contact person named at the end of this Notice. The Plan may deny your request for access, for example, if you request information compiled in anticipation of a legal proceeding. If access is denied, you will be provided with a written notice of the denial, a description of how you may exercise any review rights you might have, and a description of how you may complain to Plan or the Secretary of Health and Human Services. If your request is approved, the Plan must respond to your request in a timely fashion (in compliance with applicable law). If you request a copy of your PHI, the Plan may charge a reasonable fee for copying and, if applicable, postage associated with your request.

Right to Amend: You have the right to request amendments to your PHI in the Plan's records if you believe that it is incomplete or inaccurate. A request for amendment of PHI in the Plan's records should be made in writing to the contact person named at the end of this Notice. The Plan may deny the request if it does not include a reason to support the amendment. The request also may be denied in some circumstances, if, for example, your PHI in the Plan's records was not created by the Plan, if the PHI you are requesting to amend is not part of the Plan's records, or if the Plan determines the records containing your health information are accurate and complete. If the Plan denies your request for an amendment to your PHI, it will notify you of its decision in writing, providing the basis for the denial, information about how you can include information on your requested amendment in the Plan's records, and a description of how you may complain to Plan or the Secretary of Health and Human Services.

Accounting: You have the right to receive an accounting of certain disclosures made of your health information. Please note that this accounting will not include certain disclosures, including routine disclosures (those related to payment of your claims, for example) and disclosures made for law enforcement or national security purposes, which are excluded from this requirement. Also, disclosures that you authorize, or that occurred more than six years before the date of your request, are not subject to this requirement. To request an accounting of disclosures of your PHI, you must submit your request in writing to the contact person named at the end of this Notice. Your request must state a time period for which you want the accounting (which may not include dates more than six years before the date of your request). Your request should indicate in what form you want the accounting to be provided (for example on paper or electronically). The first list you request within a 12-month period will be free. If you request more than one accounting within a 12-month period, the Plan will charge a reasonable, cost-based fee for each subsequent accounting.

Personal Representatives: You may exercise your rights through a personal representative. Your personal representative will be required to produce evidence of his/her authority to act on your behalf before that person will be given access to your PHI or allowed to take any action for you. The Plan retains discretion to deny a personal representative access to your PHI to the extent permissible under applicable law.

Security

The Plan maintains physical, administrative and technical security measures designed to safeguard your PHI. The Plan also requires that the Company's employees and the Plan's Business Associates follow the Plan's policies and procedures, which are designed to limit access to PHI based upon

that employee or Business Associate's need to have such information in the performance of his or her job.

Complaints

If you believe that your privacy rights have been violated, you have the right to express complaints to the Plan and to the Secretary of the Department of Health and Human Services. Any complaints to the Plan should be made in writing to the contact person named at the end of this Notice. The Plan encourages you to express any concerns you may have regarding the privacy of your information. You will not be retaliated against in any way for filing a complaint.

Contact Information

The Plan has designated Iain Cunningham as its contact person for all issues regarding the Plan's privacy practices and your privacy rights. You can reach this contact person at: icunningham@nvidia.com.

Premium Assistance Under Medicaid and the Children’s Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you’re eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren’t eligible for Medicaid or CHIP, you won’t be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW** or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren’t already enrolled. This is called a “special enrollment” opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance**. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call **1-866-444-EBSA (3272)**.

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of July 31, 2019. Contact your State for more information on eligibility –

Paperwork Reduction Act Statement

According to the Paperwork Reduction Act of 1995 (Pub. L. 104-13) (PRA), no persons are required to respond to a collection of information unless such collection displays a valid Office of Management and Budget (OMB) control number. The Department notes that a Federal agency cannot conduct or sponsor a collection of information unless it is approved by OMB under the PRA, and displays a currently valid OMB control number, and the public is not required to respond to a collection of information unless it displays a currently valid OMB control number. See 44 U.S.C. 3507. Also, notwithstanding any other provisions of law, no person shall be subject to penalty for failing to comply with a collection of information if the collection of information does not display a currently valid OMB control number. See 44 U.S.C. 3512.

The public reporting burden for this collection of information is estimated to average approximately seven minutes per respondent. Interested parties are encouraged to send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the U.S. Department of Labor, Employee Benefits Security Administration, Office of Policy and Research, Attention: PRA Clearance Officer, 200 Constitution Avenue, N.W., Room N-5718, Washington, DC 20210 or email ebsa.opr@dol.gov and reference the OMB Control Number 1210-0137.

Patient Protection Disclosure

The medical plans offered through the NVIDIA Welfare Plan (by Cigna, Kaiser and Blue Cross Blue Shield of Alabama) generally allow designation of a primary care provider. You have the right to designate any primary care provider who participates in your plan's network and who is available to accept you or your family members. If your plan requires designation of a primary care provider, your plan may designate one for you until you make this designation.

For information on how to select a primary care provider, and for a list of the participating primary care providers, contact the Plan directly. The telephone number for your medical plan may be found on your medical ID card.

For children, you may designate a pediatrician as the primary care provider.

You do not need prior authorization from the NVIDIA Welfare Plan or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in your plan's network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact the Plan directly. The telephone number for your medical plan may be found on your medical ID card.

Newborns' and Mothers' Notice

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).
